Information

Joint Information Center (JIC)

During an incident at Palo Verde Generating Station, the media will be invited to the Palo Verde, Joint Information Center (JIC), where agencies involved in responding to the incident will provide current information, briefings and media statements.

Also known as the ENERGY EDUCATION CENTER (EEC), the building serves as a technical training and education facility.

The Joint Information Center is located at 600 North Verrado Way, Building A, Buckeye, Arizona 85326, and serves as the primary point for dissemination of information to the news media representatives.

Agencies represented at the Joint Information Center may include the following: Palo Verde Generating Station, Maricopa County, State of Arizona, Federal Emergency Management Agency, Nuclear Regulatory Commission, Federal Bureau of Investigation and the American Red Cross.
