

Wildfire Protection Information & Resources

Arizonans can access a variety of resources to find out more about [wildland](#) fire activity, [restrictions](#), and preparedness. Statewide fire restriction information is available toll free by calling 1-877-864-6985.

The Arizona State Forestry Division provides for the prevention and suppression of wildfires on state and private lands.

The Arizona Department of Health Services has developed [many materials to aid in preparedness and health concerns during a wildland fire](#). The brochure contains a color-coded scale that ties visibility to health impacts, as well as a list of [emergency supplies](#), including food, water, medical supplies, documents and identification cards, and pet supplies.

The Arizona Department of Environmental Quality (ADEQ) is providing information to residents on [prescribed fire approvals and smoke management](#). ADEQ has also created a [wildfire support page](#) that provides helpful links and pertinent information related to air quality monitoring and wildfire recovery.

Adequate insurance protection is essential in the disaster recovery process. The Arizona Department of Insurance (ADOI) has a [wildfire insurance resources](#) page that provides insurance check-up, replacement costs estimators and helpful insurance tips. ADOI can answer insurance-related questions and take complaints about problems with insurers or agents; call (602) 364-2499 or (800) 325-2548 (outside Phoenix).
